

The Senior Service Coalition of Lake County represents numerous agencies, senior centers, service providers and Legislators who are working at the local, state and federal level to improve the quality of life for older adults in Northern Illinois.

MISSION: The Senior Service Coalition of Lake County's mission is twofold: to advocate for older Lake County residents and to optimize the coordination and development of services intended to improve the quality of their lives.

ACCOMPLISHMENTS: The Senior Service Coalition of Lake County was formed in 1979. From 1989 to 2014, it was instrumental in the planning of a yearly Legislative Forum that addressed issues relevant to the senior population of Lake County. In 1990, the Coalition developed a monthly program format that allows for intensive study of timely senior and societal issues. Previous areas of study include the Economic Challenges of Health Care, Senior Consumer Issues, Aging-in-Place, Substance Abuse and the Elderly, Transportation, and Special Populations. Most recently, the Coalition has become a stronger voice for older adults and their caregivers, advocating for the Caregiver Advise, Record, and Enable Act (CARE Act) and for improved response to consumer needs. Advocacy efforts also include expanding membership to government officials as well as identifying effective communication approaches for the sharing of elder concerns with Public and Private sectors.

The Senior Service Coalition was recognized by the Northeastern Illinois Area Agency on Aging in 1991 for its outstanding efforts.
